

## **The efforts made by the Programme officer:**

Programme officer is one of the responsible person in organization of different activities under regular and camping.

In regular activities

1 Water conservation:

Under these activities we are aware of volunteers about

**1. Education literacy:** Volunteers were motivated to visit adopted area and survey the population of village. Volunteers search School dropout children.

**2. Water Conservation:** Arranged awareness lecture in college. Gives information about Rainwater harvesting, how to save water. Volunteers were motivated to save roof water for washing and gardening. In our college Dm water was stored and it was used during the year. Village peoples were motivated through street plays. Arranged jalmitra lecture to aware efficient irrigation technology.

At the time of camp wanrai Bandara were constructed on river.

**3. Cleanliness Drive:** Volunteers takes part in cleanliness drives. Mahatma Gandhi jayanti celebrated in adopted village and temples and public places were cleaned. Volunteers also follows instruction of university time to time.

**4. Energy Conservation:** with help of Dr. Babasaheb Ambedkar technical University our college has been organized different activities to save energy. Programme were arranged for volunteers, adopted area peoples and aware them about how to save energy. In college I have motivated all volunteers to save energy by swich of all light, fans after if you don't need it after lectures.. Village peoples motivated to increase use of solar energy. All three years we have arranged motivational lecture on saving energy.
